

The Powerful Advantage Since 1945

La MARCHÉ®

ISO 9001:2015 CERTIFIED

NEMA 3R

Outdoor Modular Enclosure

La Marche multiple entry NEMA 3R enclosure allows for easy access for installation. This environmentally controlled battery enclosure can accommodate a wide range of battery sizes prolonging battery life. Modular Enclosure design allows for future expansion.

This NEMA 3R Battery Enclosure is designed to maintain safe levels of released hydrogen through two methods of ventilation. One method is a thermostatically controlled ventilation fan that's also controlled either by a timer or a hydrogen sensor. The other method is a passive ventilation feature that's inherited in the design of the enclosure.

Standard Features

- NEMA 3R - Protects Against Rain, Sleet, Snow and Splashing Water
- Powder Coated Aluminum Enclosure
- Solar Shield Roof
- Indoor / Outdoor
- Insulated Roof, Panels and Doors with R12 Insulation Material
- Multi-Point Latching System for each Door
- 20 Amps, 120 VAC GFCI Power Outlet
- Lifting Brackets
- Exhaust Fan with Programmable Timer
- Air Flow Sensor (with Alarm Contacts)
- Grounding Terminal
- Removable Doors
- Eye Wash Station
- Internal Lighting
- Complies with Zone 4 Seismic Requirements

Optional Features

- 2000 BTU/Hr HVAC (Air Conditioner with Heat Package)
- 4000 BTU/Hr HVAC for Extreme Temperatures
- Stainless Steel Enclosure
- Hydrogen Sensor
- Battery Racks
- Battery Spill Containment
- Battery Charger
- Breaker Panel
- Heat Exchanger*
- Heater Panel*

* Can be replaced for HVAC system.
